Re: STUMPY GILLILAND,
Mrs. Miller, former housekeeper for Mike Klien, who
lived near the Brook and who was a friend of Stumpy
Gilliland and Revolinsky, states she might be able
to remember the Gibson woman when she was around the
Gilliland place. ~~_____~~

Operative received instructions to locate
Mrs. Miller and was told to inquire in Revolinsky's
old store near the Brook as the people there might
know where Mrs. Miller is living at present.

Operative asked the proprietor of the
store and he informed me that Mrs. Miller did live on
the corner of French and Sanford Sts. until a short
time ago when she moved away and they do not know where
her present address is.

Made inquiries from residents in the neigh-
borhood and at her former residence, but there was only
an old lady who stated that Mrs. Miller moved to either
36 or 37 Plumb St., New Brunswick,

Operative went to that address but could
not locate this woman there. Made inquiries in the
vicinity, but no one knew her.

Respectfully submitted:
